Mission

MAN promotes the interest of manufacturers by deepening its advocacy and partnership with national and international economic actors in Government, Organized Private Sector, host communities and other stakeholders to foster its proactive role in policy formulation and implementation.

MAN promotes manufacturing sector competitiveness, job creation and Gross Domestic Product through commitment to research and development, new technologies and environmental sustainability.

Vision

To be the key driver for industrialisation, sustainable, economic growth and development in Nigeria

About the Event

The Made-in-Nigeria Exhibition (MiNE) 2026 is a flagship event organised by the Manufacturers Association of Nigeria (MAN) alongside its Annual General Meeting to promote local innovation, industrial growth and economic development through indigenous manufacturing.

Made-in-Nigeria Exhibition (MiNE) 2026

Over three days, the exhibition will bring together manufacturers, SMEs, investors, policymakers, development partners, and the public to showcase Nigeria's industrial potential across 10 sectors and 72 subsectors.

The exhibition supports the Nigeria First Policy by encouraging the patronage of locally made goods, boosting investment in local production and driving sustainable economic growth.

Invitation to Participate

Dear Esteemed Members,

On behalf of the Manufacturers Association of Nigeria (MAN), I appreciate your continued support for the promotion and patronage of Made-in-Nigeria products.

I am pleased to invite your organization to participate in the Made-in-Nigeria Exhibition (MiNE 2026), scheduled to hold alongside the 54th Annual General Meeting (AGM) of the Association from 5–7 October 2026 at the Lagos Oriental Hotel, Victoria Island, Lagos.

The theme of the event is: “Leveraging National Industrial Policy to Position Nigeria as Africa’s Industrial Hub.”

The AGM will feature a three-day exhibition of Made-in-Nigeria products, the Presidential Luncheon, Private Session, and the 6th Adeola Odutola Lecture. The event is expected to attract key stakeholders from government, industry, the diplomatic community, academia, and the business community.

As part of efforts to enhance business opportunities for exhibitors, invitations are being extended to procurement officers from Federal and State Governments, while mass awareness campaigns are being deployed to drive attendance from the buying public.

Building on the success of last year’s edition, the QR Code Treasure Hunt reward initiative will also be sustained to encourage increased visitor interaction and engagement across exhibition booths.

MiNE 2026 provides a strategic platform for exhibitors to showcase products and services, strengthen brand visibility, engage prospective customers, and explore business opportunities with stakeholders across the manufacturing value chain.

Accompanying this letter are the Exhibition Form and floor plan to enable your organization select a preferred booth location and proceed with payment. Please note that booth allocation shall be on a first-come, first-served basis.

Kindly make payment to: Manufacturers Association of Nigeria - AGM
